

Erik Thun AB opens new marketing department in Barcelona

Erik Thun AB are proud to announce that, due to a growing market in the Mediterranean area, we have started a new marketing department in Barcelona. The subsidiary company Erik Thun España S.L. was formed together with our partner Transbulk Shipping in Spain. The main task for Erik Thun España is to market and position the Erik Thun Group on the bulk cargo market in the Mediterranean. At the office in Barcelona, Tero Valtonen works with chartering.

Tero Valtonen has worked as shipbroker in various companies including commercial chartering job for Intermarine (MPP owner) in Madrid and PTM in Galicia before moving to Barcelona. Mr. Valtonen will charter our Self-Unloaders fleet as well as helping our Dry Cargo fleet on the bulk market.

Erik Thun España will work together with Thun Self-Unloaders to cover the needs for chartering within the Erik Thun Group. Please read more on: <http://selfunloaders.thun.se/>

In compliance with this, Citadel Shipping AB will from now on focus on port agency and clearance in Helsingborg, Landskrona and Malmö, duly supported by OP Ship.

For further information, please contact Henrik Källsson at +46 510 84802.
