

Vessel Operator at Thun Tankers

Would you like to play a key role in the daily operation of vessels and contribute to safe, efficient and sustainable transport? Thun Tankers is now looking for a Vessel Operator to join our team in Gothenburg.

About Thun Tankers

Thun Tankers is part of Erik Thun Group – a family-owned shipping company with extensive experience in tanker operations and with a strong focus on safety, sustainability and long-term customer relationships.

You will become part of a dedicated team that works closely with customers, vessels, ports and partners on a mission to deliver smart transport solutions.

About the role

As a Vessel Operator, you are responsible for planning, coordinating and following up on vessel voyages from start to finish. You are the link between vessels, customers, ports, agents and internal functions.

The role requires structure, problem-solving skills and a business-minded approach in an international and changing environment.

Your main responsibilities

- Plan, coordinate and follow up on the daily operations of the vessels.
- Communicate voyage instructions and ensure that transports are carried out in accordance with agreements and requirements.
- Handle documentation, invoicing, bunker orders and follow-up of vessel performance.
- Work closely with Chartering department to strengthen service, customer satisfaction and profitability.
- Build and maintain relationships with customers, ports, agents and partners.

We are looking for someone who

- Has experience in vessel operations, sea transport or maritime logistics.
- Has relevant education and a good understanding of charter parties and maritime regulations.
- Is structured, accurate and used to prioritising in a fast-paced environment.
- Communicates fluently in English and enjoys having many points of contact.
- Is independent, solution-oriented and values teamwork.

Why choose Thun Tankers?

At Thun Tankers, you get more than an operational role – you become an important part of a family-owned shipping company where long experience, short decision-making paths and a future-focused mindset go hand in hand. Here, you will work close to the business, take real responsibility and contribute to smart transport solutions.

You will become part of a dedicated team with strong expertise and a close-knit spirit, where your contribution makes a difference every day. With us, you will have the opportunity to develop and be part of the journey towards the future of shipping.

Good to know

Location: Gothenburg. The position is a 12-month temporary assignment. We would like you to start as soon as possible, allowing sufficient time for introduction and training.

Application

Would you like to become part of Thun Tankers and contribute to the future of shipping? We look forward to receiving your application.
